### Michele Adams & Gia Russo: The MiGi Girls

Known together as "the MiGi girls," entertaining experts Michele Adams and Gia Russo are hosts of the Fine Living show *The Art of the Party* and authors of several lifestyle books.

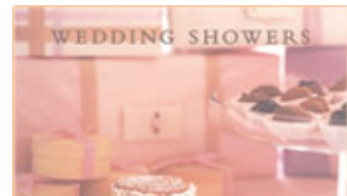

Former editors at *Martha Stewart Living*, Adams and Russo worked on every

aspect of more than 50 stories, developing them from conception and research to styling and production. Their thoroughness and refined sensibilities earned them honors from the American Society of Publication Designers.

In 1999 they ventured out on their own, forming a design and lifestyle company called MiGi (a combination of their first names). Their first two books, *Wedding Showers* and *Baby Showers*, were followed by *At Home with Friends*, which was listed on the Amazon.com bestsellers list and was nominated for a Gourmand International Award.

Adams and Russo are currently working on a new book and developing a line of lifestyle products. Recently they have appeared in numerous magazines, including *Lucky*, *O Magazine*, *InStyle*, *Good Housekeeping*, *Lifetime*, *Sunset*, and *Angeleno*.

### It's Your Party

What should you do for the after-party for the biggest event of your life? Anything you want. Some couples hold an old-fashioned tea reception, while others serve a formal, sit-down dinner. And most decide on something in-between.

### Style for Your Aisle

Though the substance of your ceremony is far more important than the style, a little attention to decor will enhance the experience for you, your partner, and your guests.

### Making a Good First Impression

Unless you need to send save-the-date cards ahead of time, your wedding invitation will be your very first opportunity to express your wedding style and theme.

### Deciding on Dessert Is a Piece of Cake

Along with the bride's gown and the overall décor, your cake will be one of the central focal points for everyone at your wedding. (And--truth be told--it will probably be the one that your guests will care about the most.)

May 6, 2005

Amazon.com announces today its launching of Amazon Wedding, an online wedding destination site offering couples wedding planning and registry advice, as well as millions of products to choose from Amazon.com. The portal is aimed at being a one-stop shopping resource.

Amazon Wedding ([www.amazon.com/wedding](http://www.amazon.com/wedding)) allows couples to register for a vast selection of products on Amazon.com, from Lenox fine china to Sony camcorders.

Amazon has teamed with Michele Adams and Gia Russo, "the MiGi Girls," to add expert advice throughout the Wedding Planning Guides. The MiGi Girls, authors of Wedding Showers and hosts of The Art of the Party on the Fine Living Network, offer customers ideas and tips about making invitations, planning the reception, and choosing a ceremony style.

Engaged couples, and their family and friends, will find helpful information for planning everything from the bridal shower to the honeymoon in the more than 150 Planning Guides featured in Amazon Wedding.

"Getting married is a very happy, but busy, time for couples. Amazon Wedding has added helpful planning tools, expert content, and a little inspiration for couples planning their big day," said Kerry Morris, divisional merchandising manager of Home & Garden at Amazon.com.

"Amazon Wedding also allows couples to register for millions of different products in one registry. In fact, we have seen couples register for more than 70,000 unique products at Amazon.com, from camping gear to crystal, throughout the last few months."

Amazon Wedding also offers couples checklists and planning tools to help them keep track of everything from engagement announcements to thank-you notes.

The interactive Registry Checklist allows couples to keep track of what they've added to their registry and recommends quantities of each item, such as the types and quantity of knives for a well-stocked kitchen or all of the components of a home theater system.

The Planning Checklist guides couples through the wedding planning process, helping them manage each task. Both the Registry and Planning Checklists link back to the Registry and Planning Guides for more information.

Amazon Wedding also includes a Local Vendor Search feature to help couples find florists, photographers and caterers in their local area using the A9 Yellow Pages. Without leaving Amazon Wedding, users can find local vendors based on their registry address and the article topics they are viewing.
